What would you recommend to the Business Division, if any, to improve the F4 Project and make it more responsive to the students' needs in the future?

Answered: 33 Skipped: 19

We must do this on a weekend.

Probably to advise them of what really sells fast.

To support the next F4.

Do all the setup on time.

I would recommend that they do the same thing as of this time. The evening marketing.

We need to do the night market again.

Improvise, no procrastination, always be happy

Always be on time to help each other in order to start at the appropriate time stated.

I'll inform them to help and support the F4 because it is and will be of the best activity ever in the Business Division.

Prepare, prepare, prepare, and prepare some more, never stop preparing while at the same time execute in perfect sync with your preparations, "believe to achieve, strive to survive, and truly give (it all) to truly live" ...

(Continued)

I want them to get to know how to manage their own business by listening to their instructor in class of business major.

To be prepared well

Be prepared before the day the F4 will come

Do your best and always have good customer service!

Take the F4 Festival seriously

Working together every time to make any business stronger.

Mark up prices. Have enough change.

Time management, more of the local product like coconut

To recommend them how to do a business or market business. To recommend them how to sell their stuff.

To be prepared for anything, not to be shy, and time management.

To sell many products.

We learn a lot.

They need to learn more and strive harder in order to deal with the customers.

We learn a lot.

We benefit from getting a lot of money.

As one, you should put in all effort because it will definitely (be) worth it in the end.

I would recommend my fellow business students who will participate in this event because one day or everyday you will apply everything that you did in the event.

I'd rather give them money or I will give them great thanks for helping me.

To keep trying their best to make it better because it's fun and make money.

Be positive, confident & brave.
