LATEST ASSESSMENT RESULTS AND . . . YOUR PICTURES

I have updated my website at the college with the latest data regarding the performance of your class during the sixth week of summer 2018.

You might also be interested in viewing some of your pictures during last Friday's quiz at the LRC computer lab. If you wish to get high resolution copies, just click on any of the photos of your choice then grab or download the large-size version that will open in a new tab or window.

BY THE WAY, for those of you who plan to come and work early on the practice set today, I will be in the office at 8:00 AM.

**ASSESSMENT DATA FOR WEEK 6**<http://www.comfsm.fm/~pulmano/assessment.html>**PICTURES - ONLINE QUIZ AT THE LRC COMPUTER LAB**<http://www.comfsm.fm/~pulmano/gallery-2018.2-summer-ac131.html>Mon Jul 16, 2018 at 6:12 am [Comment](#) · [Like](#)

REGARDING CHAPTER 8 CHALLENGE PROBLEM - NEW EXTENSION OF SUBMISSION TIME

I received emails requesting for time extension for today's Challenge Problem. I have extended the lock time to 11:55 PM. The deadline is still 5:00 PM, so any submission after this time will still be accepted, but will be marked "Late".

REGARDING TODAY'S CLASS WORK IN CHAPTER 1 - PROBLEM 1-5A

In the Excel spreadsheet template, when entering figures (i.e., amounts), just type the numbers and do not include any dollar (\$) signs or comma (,) separators for thousands. The cells are already formatted, and these signs and separators will automatically be added, as needed.

Do not change or add any other formatting features to the spreadsheet.

Please let me know if you have questions regarding this.
